

RECOMMIT TO YOUR ROLE BINGO

Why do you wear a mask? Why do you keep your distance from others? Why will you get the vaccine? Play BINGO and reflect on your role in helping to stop the virus.

	B	I	N	G	O
	 Because I want to keep myself safe	 Because I want to do my part to help us get back to normal	 Because I want to celebrate birthdays together in person	 Because I don't want to get sick	 Because wearing a mask is better than getting sick with COVID
	 Because I don't like being socially distant	 Because this pandemic has taken a toll on parents	 Because I want to protect my family	 Because I want to plan a trip	 Because our health professionals recommend we all do our part
	 Because my kids are missing out on important experiences	 Because I'm doing my part for my community	 Because I miss getting and giving hugs	 Because I miss date nights	 Because variants are less likely to emerge if they can't pass from one person to the next
	 Because I'm setting a good example for others	 Because I want to attend my friends' weddings	 Because nobody should have to mourn the loss of a loved one over Zoom	 Because this pandemic has taken a toll on students	 Because I want to be back at the office
	 Because I want to safely celebrate the holidays with my family	 Because I'm a Vitality member and my health is a priority	 Because many people have lost their lives to this disease	 Because I can make a difference	 Because I want to go to a baseball game

Use these spaces to write in any other reasons you continue to stay committed to doing all you can do to stop the spread:
